JANUARY 2024

Welcome TO ECO BATHROOMS

Eco Bathrooms is a proud member of the Bathroom Manufacturer Association (BMA) and also now a member of Made In Britain organisation, which showcases the very best in British manufacturing. Companies who join the organisation are committed to producing the finest products to the highest standards.

Our furniture is designed around three fundamental principles:- making best space of the room available; using fittings and components high in specification; making it easy to install.

These principles are as true today, as they were when the product design was conceived.

Eco Bathrooms come in three distinct flavours:-

space - representing a carefully selected range of fitted bathroom furniture cabinets, enabling the smallest of rooms to provide much needed storage space for everyday requirements. Within our Space range, we select 6mm frosted safety glass shelves, with locking chrome adjustable brackets - ensuring the furniture looks at home within the bathroom environment.

style - is equally at home in a cloakroom, en-suite or bathroom. Uncomplicated and designed to be used as individual pieces but is flexible enough to be mixed with the other two flavours to complete the perfect bathroom.

design - a carefully selected range of modular bathroom furniture cabinets. Wall hung basin cabinets feature four fixing points that assist with alignment and secure the unit for peace of mind. Can also be planned with our other cabinets to suit any space requirement.

All cabinets are manufactured in 18mm MFC and constructed with glue and dowel, avoiding unsightly exposed metal cams. Doors are supplied fitted to the cabinets. Our furniture cabinets carry a 5 year guarantee (details of which are on the inside of the back cover).

Doors close softly, due to hinges that have soft close mechanisms, integral to the hinge. Soft close can be turned off on one hinge to accelerate the closing action, if required. Alternatively, Space cabinets may be specified with "touch to open" and no handles (doored cabinets only).

Eco Bathrooms Furniture is proudly manufactured in Britain and is functional whilst offering exceptional value for money, without compromise.

FLEXIBLE BATHROOM FURNITURE SOLUTIONS

We offer three ranges of furniture: "Space", "Style" and "Design", thoughtfully designed to offer a bathroom solution to suit all.

Mixing and matching across these ranges allows almost limitless options with the design and layout of your dream bathroom.

Selected cabinets from all three of our ranges can be used together in a 'mix and match' fashion, giving you greater flexibility with the layout and design of your dream bathroom.

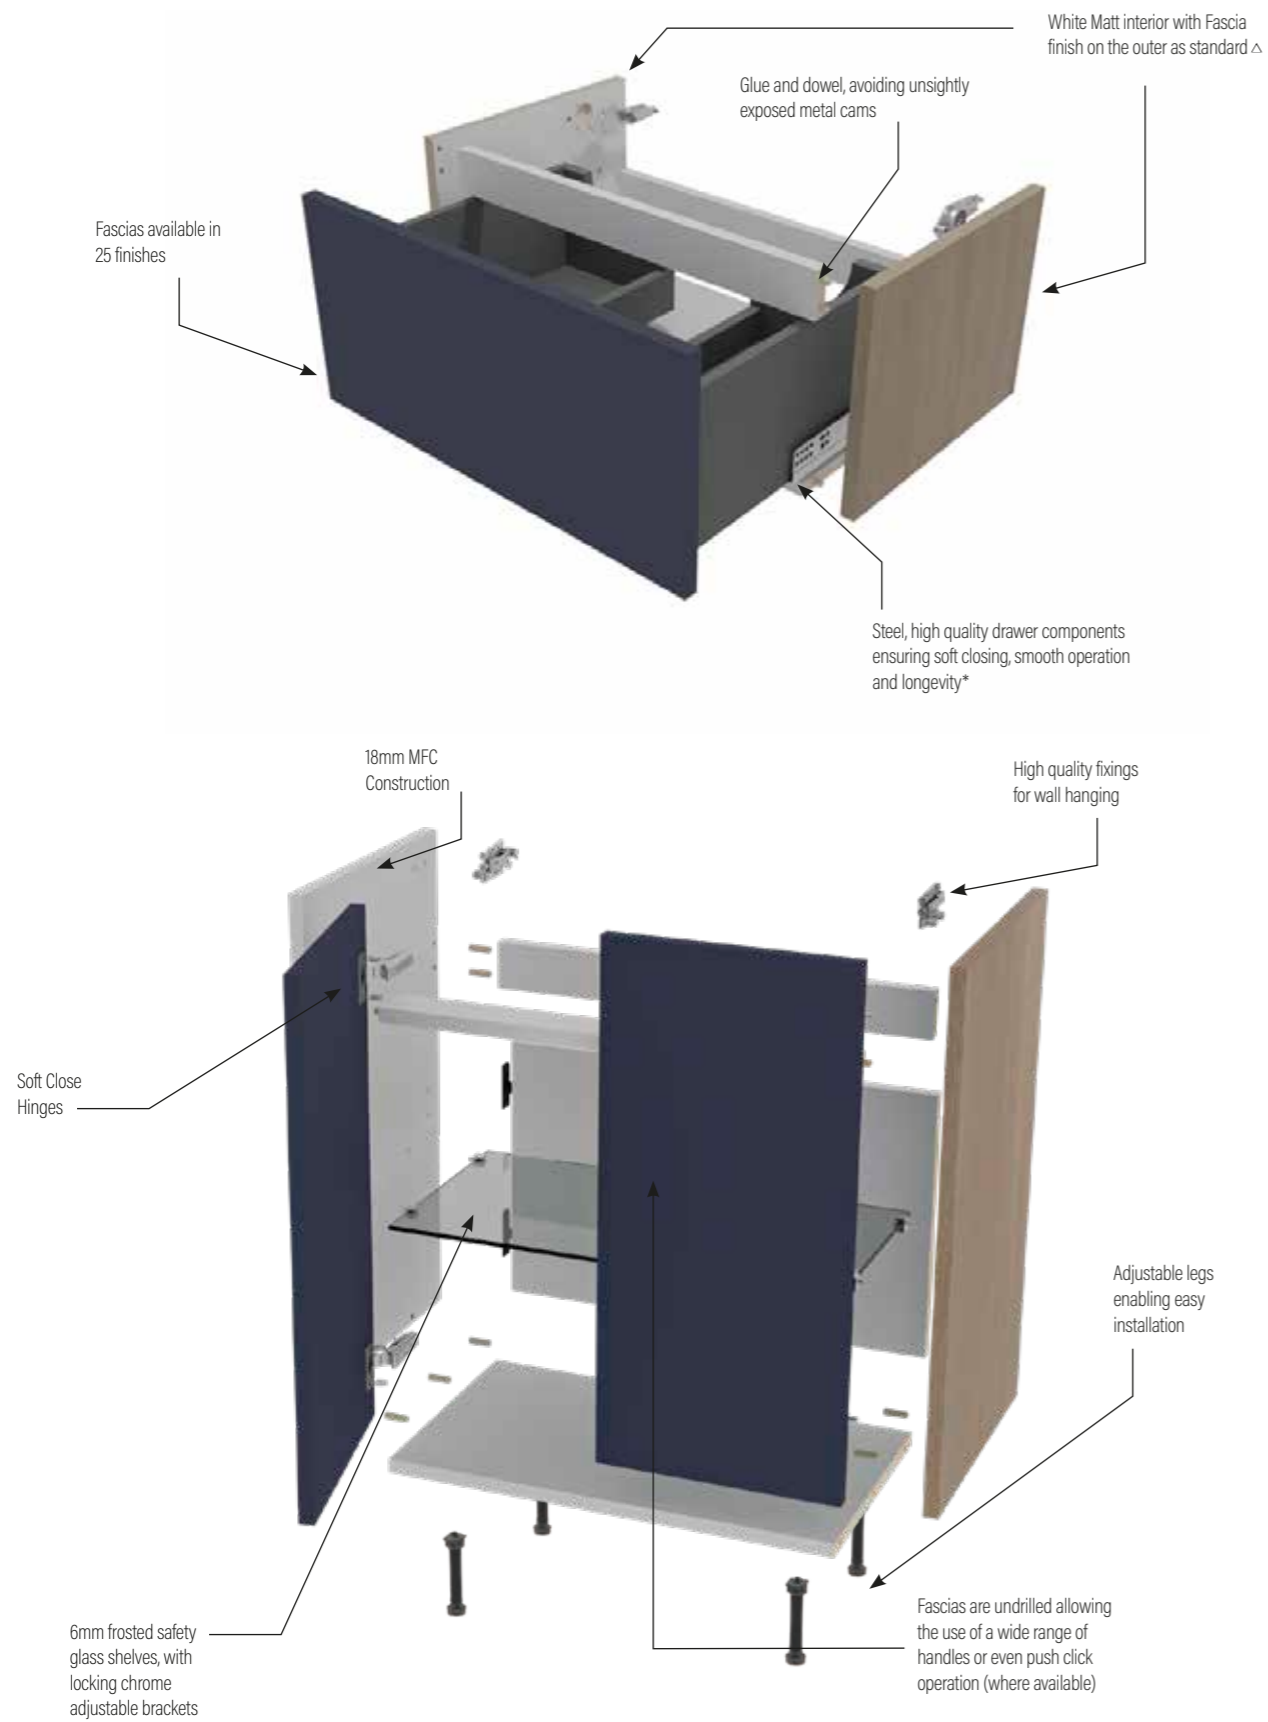

space represents a carefully selected range of fitted bathroom furniture cabinets, enabling the smallest of rooms to provide much needed storage space for everyday requirements.

style is equally at home in a cloakroom, en-suite or bathroom. Uncomplicated and designed to be used as individual pieces.

design takes its inspiration from the warm climes of Mediterranean Europe. Wall hung basin and tower cabinets create a minimalist contemporary design, that will stand the tests of time.

OUR CABINETS

SELECTING YOUR FURNITURE

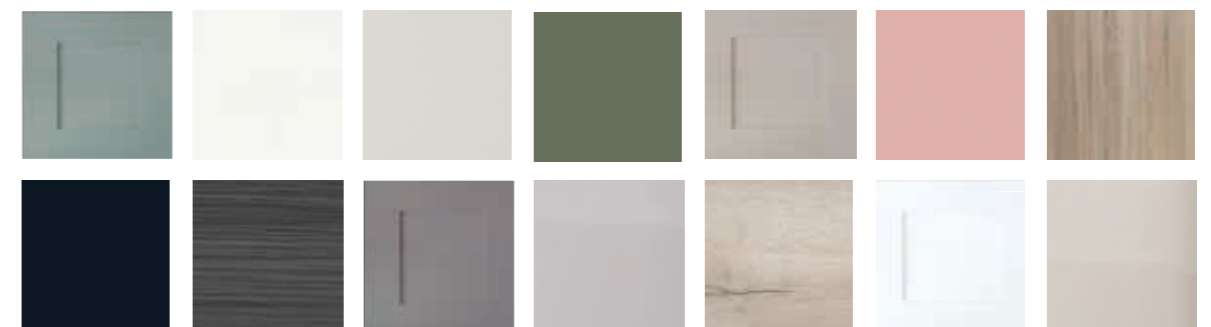

Take a look through our collection pages for inspiration on how your choice would look in your bathroom. There are also some suggestions for accessories. Have a look at our configurations for examples of furniture combinations. Don't forget you can mix and match furniture from our Space, Style and Design ranges to create the perfect bathroom.

Measure your room to enable your retailer to best advise on the perfect solution. Take a few photos and note where water and waste outlets are situated. Then choose the cabinets you prefer for your bathroom.

Select the fascia finish and carcass you prefer from our comprehensive selection of colours and finishes.

Select your accessories from our range of worktops, handles, sanitaryware, taps, mirrors and lighting to finish off your bathroom.

Finally, visit your retailer and they will take care of the rest!

space

FITTED BATHROOM FURNITURE

To make the most of your bathroom requires furniture that appeals, is highly functional and maximises storage within the space available.

The extensive and carefully selected range of cabinet widths and depths allow designs where previously there have been none.

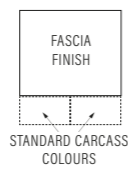

To compliment your choice of furniture style and colour, on offer are a wide range of accessories to include brass ware, sanitary ware, handles, lights and work surfaces. Everything needed to complete and enhance your beautiful fitted **space** bathroom.

DARESBURY

Daresbury is as flexible as it is stunning. The timeless clean lines of the Shaker style enable this range to span the periods of design.

From traditional to contemporary by dressing the furniture with modern or traditional taps and sanitary ware.

All the handles featured here have been chosen for the **Space** fitted ranges to create a bathroom as individual as you are. Customers can choose from this selection of handles with soft close door action or select instead to operate their door handlefree, with the push clic system.

Either option is included in the price of the furniture range if specified on the furniture order. If handles are omitted from your order and ordered at a later date, regrettably they will incur a £10.00 administration and postage and packaging charge. Handles from the Design range of handles may also be selected at an additional cost.

style

FREESTANDING BATHROOM FURNITURE

Designed to create your perfect bathroom when space is at a premium. Style is ideally suited for en-suites and cloakrooms, yet, still at home within your family bathroom.

Available in a wide choice of door finishes and carcass colours along with a large selection of handles, taps, shower valves, sanitary ware and accessories. Style furniture promises to deliver something individual and unique, with colours "en vogue" within some of the smaller rooms of the home.

Largo Meno

FREESTANDING COMBINATION BATHROOM FURNITURE

Transform your bathroom with the ultimate storage solution.

Are you tired of cluttered counters and disorganized cabinets? Meet Largo Meno, the freestanding bathroom furniture combination with an integrated basin and worktop. Its sleek and modern design will not only give your bathroom a facelift but also maximize storage space.

No more struggling to find a place for all your toiletries and cleaning supplies. With ample cabinet space, Largo Meno allows for easy organization and a tidy appearance. The integrated basin and worktop create a seamless look while also providing a convenient space for daily grooming routines.

Largo Meno is available in all fascias listed on page 72.

Example shown:
Concrete fascias on Dust Grey carcass

Unit Configuration:

All the handles featured here have been chosen for the **Style** freestanding ranges to create a bathroom as individual as you are. Customers can choose from this selection of handles with soft close door action or select instead to operate their door handlefree, with the push clic system. Either option is included in the price of the furniture range if specified on the furniture order. If handles are omitted from your order and ordered at a later date, regrettably they will incur a £10.00 administration and postage and packaging charge. Handles from the Design range of handles may also be selected at an additional cost.

All unit interiors are a matt white finish except Matt Dust Grey and River Wash. If you wish to use a Gloss unit on a Group 1 door, then the price group become Group 2. Cabinets are colour co-ordinated and NOT colour matched as most doors and carcasses are manufactured from different materials

HANDLES ONLY INCLUDED IN PRICE WHEN PURCHASED WITH CORRESPONDING FURNITURE CABINETS. IF HANDLES ARE ORDERED SEPARATELY TO THE FURNITURE, THEN A £10.00 ADMINISTRATION AND P&P CHARGE WILL APPLY

THE UNIQUE COMBI SPACE SAVER CABINETS

A unique solution to the smallest room, cloakroom, downstairs.

Easy installation.

Multiple fascia, tap and pan options.

The Combi Unit answers the need for both Pan and Basin in one unit to create the WC solution in the smallest of spaces with all pipework enclosed.

The internal dimensions of the WC Cabinet allow for cistern fittings and a macerator such as a Saniflo, if required.

The dimensions shown are the minimum sizes taken up by the Combi Unit and pan.

Services contained within the unit and the ease of installation are fundamental to the design of the Combi Unit.

The lack of visible pipework adds to the visual appeal.

These were all considerations in creating a solution to the smallest of spaces.

Registered Design 4016148

Available in all finishes, please see page 72.

MODULAR BATHROOM FURNITURE

The Design portfolio offers a select range of modular furniture that is both stylish and very practical, enabling your designer to create the bathroom of your dreams.

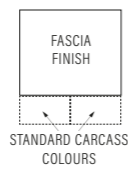

The carefully selected range of door finishes and carcass colours give the opportunity to mix and match across "space" and "style", allowing the creation of a bathroom as individual as yourself and one that will stand out from the crowd.

To add the finishing touch just select the handles, taps and sanitary ware from our exclusive range.

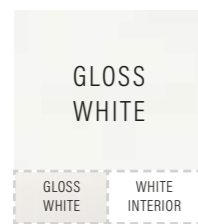

IMAGE

All the **Design** handles featured below have been chosen to create a bathroom as individual as you are. Customers can choose from this selection of handles with soft close door action or select instead to operate their doors handlefree, with the push clic system available on doored cabinets only.

Either option is included in the price of the furniture range if specified on the furniture order. If handles are omitted from your order and ordered at a later date, regrettably they will incur a £10.00 administration and postage and packaging charge. These handles can also be supplied with Space and Style furniture at an additional cost.

 ✗ = Handles that are not available, or recommended in that range
 £ = Handles that have a surcharge when selected.
 Additional handles can be purchased at cost.
 *Push click opener only available for door cabinets.

HANDLES ONLY INCLUDED IN PRICE WHEN PURCHASED WITH CORRESPONDING FURNITURE CABINETS. IF HANDLES ARE ORDERED SEPARATELY TO THE FURNITURE, THEN A £10.00 ADMINISTRATION AND P&P CHARGE WILL APPLY

ELECTRICAL ZONED LIGHTING

Bathroom lighting

Electricity and water are a dangerous combination so when choosing bathroom lights, it is essential you are aware of IP Rating and Bathroom Zones. You need to ensure that the fittings you choose have the relevant IP rating for the Zone in which it is to be used.

IP Ratings

IP (or "Ingress Protection") ratings are defined in international standard EN 60529 (British BS EN 60529:1992, European IEC 60509:1989). They are used

to define levels of sealing effectiveness of electrical enclosures against intrusion from foreign bodies (tools, dirt etc) and moisture.

What do the numbers in an IP Rating mean?

The numbers that follow IP each have a specific meaning. The first indicates the degree of protection (of people) from moving parts, as well as the protection of enclosed equipment from foreign bodies. The second defines the protection level that the enclosure enjoys from various forms of moisture (drips, sprays, submersion etc).

FIRST DIGIT (intrusion protection)		Second Digit (moisture protection)	
1	No special protection.	1	No protection.
2	Protection from a large part of the body such as a hand (but no protection from deliberate access); from solid objects greater than 50mm in diameter.	2	Protection against condensation.
3	Protection against fingers or other object not greater than 80mm in length and 12mm in diameter.	3	Protection against water droplets deflected up to 15° from vertical.
4	Protection from entry by tools, wires etc, with a diameter of 2.5 mm or more.	4	Protected against spray up to 60° from vertical.
5	Protection against solid bodies larger than 1mm (e.g. fine tools/small etc).	5	Protected against water spray from all directions.
6	Protected against dust that may harm equipment.	6	Protection against low pressure water jets (all directions).
7	Totally dust tight.	7	Protection against strong water jets and waves.
		8	Protected against temporary immersion.
		9	Protected against prolonged effects of immersion under pressure.

eg: IP **4** **4**

Zone 0

Inside the bath or shower. Any fittings used here must be SELV (Separated Extra Low Voltage – max. 12Volts) and have a minimum rating of IP67.

Zone 1

Above the bath or shower to a height of 2.25m. A minimum rating of IP44 is required. In this zone, if there is likelihood of water jets being used for cleaning purposes, a minimum of IP67 is required. Also, subject to IP rating, SELV or 240V luminaires may be used in this zone; if the fitting is 240 volts, a 30mA residual current device (RCD) must also be used to protect the circuit in this zone.

Zone 2

The area stretching to 0.6m outside the bath or shower and above the bath or shower if over 2.25m. An IP rating of at least IP44 is required. In this zone, if there is likelihood of water jets being used for cleaning purposes, a minimum of IP67 is required. Also, subject to IP rating, SELV or 240V luminaires may be used in this zone. In addition, it is good practice to consider the area around a wash basin (within a 60cm radius of any tap) as Zone 2.

Outside Zones

Anywhere outside zones 0, 1, and 2. Where water jets are not to be used for cleaning purposes, the general rules of BS7671 apply. Here, there is no requirement for any lighting solutions to be protected.

This information should be used for guidance only. Always refer to the current IEE Wiring Regulations or a qualified electrician to ensure that you are guided by the latest codes of practice. Installation of electrical lighting must be made

in accordance with the current IEE wiring regulations and relevant building regulations. We recommend that all electrical bathroom products should only be fitted by a suitably qualified electrician.

CISTERNS

Concealed cisterns used within our furniture are manufactured in the UK by Tyde, whom are market leader within water technology.

Cisterns are supplied factory assembled, with top and front access panels and easy fit, push fit plumbing fittings.

Cisterns are factory set to 6ltr | 4ltr flush, however they can be quickly converted to 5ltr | 3ltr or 4ltr | 2.6ltr flush settings to offer further water saving opportunities.

When purchasing both cabinet and concealed cistern fittings from us, we will prepare the cabinet in advance of installation, to accept Tyde Vantage cistern.

This includes drilling and sealing the top fascia to accept the control button(s).

The Vantage cistern features a polystyrene insulation jacket, (exception 400mm width) which reduces noise and condensation, offering protection to your furniture and floor.

Delay fill hydroflo inlet valve ensures the cistern only starts to refill the cistern, once flushing is complete. We offer three flush control options

See below for flush button options and refer to Price Guide for Furniture & Concealed Cistern Options and prices.

We strongly recommend Tyde Vantage concealed cisterns for use within bathroom furniture.

It is easy to fit, quiet in operation, protects against condensation and offer three control options. Crucially it is reliable and safe, holding WRAS accreditation and approved by the European water label scheme.

Installation & After Care Guide

Every Eco Bathrooms cabinet order will come with its own personalised Installation & After Care Guide which also contains your Guarantee Registration Form.

Within this guide your installer will find advice to assist with a perfect installation, including -

- Recommended heights for hanging brackets.
- How to adjust and secure the hanging brackets.
- How to adjust hinges and drawers.

The Guide also contains care and maintenance advice for all

the different materials within your bathroom purchase to ensure that your bathroom maintains its looks throughout its lifespan.

Finally, once your bathroom is installed remember to activate your guarantee by completing and returning the form at the back of the guide.

Not suitable for Wet Rooms.

FOR INSTALLATION INSTRUCTIONS

Installation

The guidelines should be followed, all edges should be fully sealed taking special care with work surface joints and edges, around basins and especially bath panels. Hung cabinets must be secured using adequate fixings, the working load of the internal hanging brackets are shown in the instructions.

Maintenance & After care

Water spillage, heavy condensation and cleaning with chemicals should be avoided. Clear up any spillage and wipe dry any excess moisture. Ensure adequate ventilation has been created thus minimizing the effects of condensation. Surfaces should be cleaned with a damp cloth, mild solution of liquid soap in water and polished with a dry cloth. Do not use abrasive cleaners, solvents or furniture polish.

Colour reproduction

Colour reproduction in all publicity is dependent upon the photographic and printing processes available. We recommend that an actual sample is viewed to ensure close matches are acceptable.

Non Returnable

Eco Bathrooms Furniture is proudly manufactured to order in Great Britain, for your requirements. Please ensure your requirements are thoroughly checked before committing to order. Wrongly ordered or surplus to requirement goods cannot be accepted for return.

E & O E. 2023. In our continued process of product development we retain the right to alter and amend materials and specification without prior notice. See terms and conditions of sale.

GUARANTEES

Furniture - Domestic use only.

Eco Bathrooms furniture carries a 5 year guarantee, from the date of purchase, covering failure through defects in design and manufacture and material failure. It is essential that products have been installed to the instruction guidelines, and maintained in accordance with the care requirements. We undertake to repair or replace at our discretion. Liability does not cover consequential loss or damage, refitting or redress for same.

Laminate Worktops

Against manufacturing defects all laminate worktops are covered by a five-year manufacturer's guarantee.

Solid Surface Worktops

Against manufacturing defects all solid surface worktops are covered by a five-year manufacturer's guarantee.

Ceramic Sanitary ware Guarantee

Against manufacturing defects covered by a one-year guarantee.

Cast Marble Basins

Against manufacturing defects covered by a one-year guarantee.

Glass Basins

Against manufacturing defects covered by a one-year manufacturer's guarantee.

Other Items

Mirrors, handles, toilet seats, electrical fittings and components together with illuminated mirrors are covered by a one-year manufacturer's guarantee, excluding tubes and bulbs. Cisterns, taps, shower kits, including handsets, metal flexible tubes and pop-up wastes carry a one-year manufacturer's guarantee.
